To the Follow-up Counselors

A Growth Manual for Newborn Christians is a booklet designed to help new believers to get nurtured so that they may grow toward maturity and become good disciples of Christ Jesus. It is one of the important steps in the process of discipleship training

The purpose of nurturing new believers is to fulfill God's will of 'losing none of all that He has given to us'. (see John 6:39) The most important thing in this process is not in the materials that we use to nurture new believers but our relationship with them.

Below are the steps that you may take when doing this:

1. Reciting memory verses
2. Sharing on daily lives
3. Praying together
4. Discussing the content
5. Planning application
6. Fixing the date for next meeting
7. Praying for each other

May God help us be faithful not just in preaching the gospel but also in this important task of nurturing newborn Christians.
